

Your solution. Our people.

## Custom Packaging and Manufacturing Assembly Services

A 40-year old non-profit company providing Oregon Industries with outsource services that provide these companies with valuable assistance from a disabled adult workforce of over 110

### 1. Value Added to PNDC Members:

- Savings related to manufacturing space.
- Keeping FTE count under control.
- Relieving HR for higher priorities.
- Less supervision required by production leads
- Eliminating standing inventory reduction with JIT Potential plus with DOD purchasing agents by sub-contracting with CRP like CCI.

### 2. Packaging Services:

- Radio Frequency Sealing of thermal forms (i.e. clamshells)
- Sonic Welding of thermal forms (i.e. clamshells)
- Blister Packaging
- Entrap Blister Packaging
- Skin Packaging
- Shrink Wrapping
- Auto Bagging
- Heat Sealing of Poly-Bags

### 3. Manufacturing and Assembly:

- Brake Cables for Heavy Duty Trucks
- Cable Lanyards
- Electrical Sub-Assembly
- Kit Assembly

### 4. Ancillary Marketing Support:

- Custom Collating and Sorting of Print Materials
- 3-Ring Bindery and Indexing Preparation
- Direct Mail Preparation
- Product Labeling
- Display Assembly

### 5. On-Your-Site Work Team Option is Available

- CCI can deploy crews to the company's production area under the direction of a Working Supervisor.
- CCI takes care of the training, payroll, etc.
- Eliminate the costs and time related to training and re training temp labor.

### 6. Location and Facility:

- A 32,000 sq ft production facility headquartered within the Omark Industrial Park in Milwaukie, OR and located just off Highway 224.

### **PNDC MEMBER ALERT**

Consider CCI at bid time with the Department of Defense. They will be impressed that you are using a facility that provides rewarding work for people with disabilities. The amount of CCI participation need be only a fraction of the total project.
