Custom Fabrication... Period.

Masterpiece Models is a nationally known fabricator of models for business and exhibit purposes. Whether it is miniature diorama work or full-scale replicas, **Masterpiece Models** is the ideal choice for unique custom quality fabrication. Discover the company that dependably produces work for the nation's museums, governmental agencies, municipalities, and educational institutions.

We specialize in providing the kind of items needed for television commercials and promotional marketing, enhancing trade show exhibits, and realizing the visions of designers and architects. We are skilled in the use of a wide variety of materials and techniques needed to turn our customers concepts into actual three-dimensional reality and we are expert problem solvers. We can produce to any scale and level of interactive complexity such as radio control, lighting, and electronics.

So... The only question is...

What can we build for you?

Masterpiece Models
