**[Tuesday, March 31, 2020 | Moss Adams | Portland, OR](#)
[Thursday, April 9, 2020 | Moss Adams | Everett, WA](#)**

The Department of Defense's (DoD) New Cybersecurity Maturity Model Certification (CMMC) released in early 2020, is a new tiered cybersecurity framework that all DoD contractors (both prime and subcontractors) will need to implement. The CMMC adds audits to assure compliance to one of 5 CMMC levels, depending on your contract or flow-down requirements. This seminar will provide expert guidance on what defense contractors need to know about these requirements, a timeline for implementation, and overview of the areas covered.
